- Designed and developed International Studies Program and related courses. Established and administered sister school relationship and student exchange program.
- Taught numerous classes, workshops, and programs in training, seminar and classroom environments. Adapted materials incorporating techniques to accommodate learning styles of each group for maximum retention and ownership of content and concepts.

VISION FOR THE CENTER

What I feel here is the Presence of Love. It radiates not only from the people in our congregation, but the very building itself. It is a beautiful space that nurtures the soul. The Sanctuary is truly a sanctuary space. I feel the Presence of God in it. In this space my breathing becomes easier and my heart is lighter.

This is a warm, welcoming, and safe space. The energy is light and uplifting. There is a deep sense of peace here. Yet there is great excitement, enthusiasm, and Joy overflowing. We have a congregation that goes deep into spiritual principle and practices and then lives them into the world. There is a generosity in our community that is the natural outpouring of the Love that is present here.

Our members are engaged with Life and with each other. The connections run deep in our community. We are a family.

The Center is Vision-led and mission-driven. We know who we are and what we are about in the world. There is a clarity of purpose and it guides us daily. There is a deep mystical consciousness at the center of our community. There is an openness to even greater things unfolding. There is deep passion and commitment throughout those that serve at every level of the Center.

We are multiethnic, multicultural, diverse, and inclusive. We recognize our Unity and celebrate our diversity. We welcome and include all, knowing that we are all sisters, brothers, and siblings in Life and Spirit. We are willing to learn and grow. We lean into, rather than withdraw from, those opportunities to deepen our understanding of each other and this complex thing called Life.

We are involved in the larger community in engaging and meaningful ways, and we actively seek out new ways to be of and in service.

Spiritually-motivated social engagement is important to our community. We are brave and unafraid to take a stand for what is right, true, and in alignment with our Declaration of Principles and the Global Heart Vision. We take action in our community and in the world. We are a Center for connection, transformation, and liberation.

Our Center grows and is prosperous.

Our Center thrives.

We lead with Love.
